EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Leonard Bowersox on 12/27/06.

The application has been amended as follows: Claim 42: Please change the dependency of the claim from 41 to claim 39. The claim should depend from claim 39.

2. Claims 1-13, 15, 17-40, 42-45, 52-59, and 61-72 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The type of information that can be put on an RFID tag can be myriad and complex as stated in previous Office actions. However, the current amendment points up the specific advantages of the particular invention; that is, using licensing rights information stored on the tag to at least authorize, validate, and authenticate use of a carrier or reagent in a predetermined assay. This "linkage" is considered unobvious in light of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
